High-Resolution Scenes

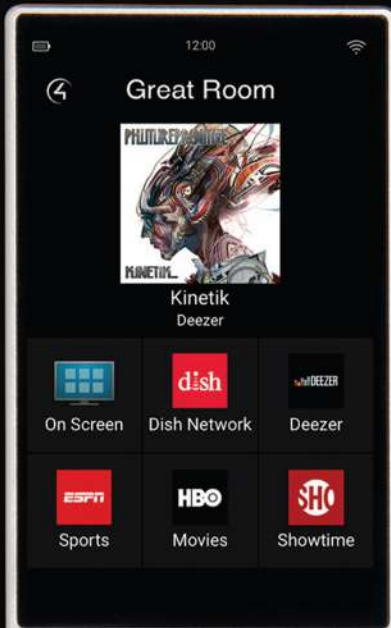

Listen here, listen there

Every member of your family can listen to and control the tunes they want, from wherever they are in the home. Play the same playlist throughout the entire house or let family members choose their own music in their own rooms, using their own smartphones or tablets. Even manage the volume and start, stop, or skip music, quickly and easily with a single press on a configurable keypad.

Discover the difference

Anyone with an affinity for music will appreciate the premium clarity and immersiveness of Triad multi-room audio. High-resolution audio comes standard on every new system, so you can indulge in the greatest of sound just as the artist intended.

A modern, minimalist house with large glass windows and a flat roof. The house is illuminated from within, casting a warm glow. The sky is filled with dramatic, dark clouds, and a faint rainbow is visible in the upper left. The foreground shows a wet, reflective surface, possibly a pool or a wet patio, with some greenery and a low concrete wall.

SMART SCENES

Before You Go Home

AT Home

When You Are Not At Home

Welcome Home

08:00

HOTEL MANAGEMENT SOLUTION

Loggin offers intelligent hotel door locks that are linked to advanced cloud-based hotel management software using smart OT gateways.

The system allows you to keep track of guest status and battery life of all locks in the hotel.

The software enables multiple access control layers, management, and monitoring of hotel occupancy through a mobile app or computer.

Loggin provides a complete one-stop hotel solution with other smart accessories such as hotel room glass panels, power-saving switches, and RFID cards.
